## Cross Country Skiing & Fat Tire Trail Updates - Ski conditions provided by [KeweenawTrails.com/trail-reports/](https://www.keweenawtrails.com/trail-reports/)

- **Michigan Tech** – With the safety of its employees and our users in mind, MTU will be suspending grooming operations for today and tomorrow. Hunker down and keep warm. (3/15/2026)
- **Swedetown** –Good morning all! All ski trails here at Swedetown are freshly groomed and tracked! It is still a little blustery out here, but the little bit of snow we did get seems to have stopped. Come out and ski if you are getting a bit cooped up from waiting for the storm that never came! The Multi-Use-Loops and snowbike trails will not be groomed today, we will be back to grooming those tomorrow. Enjoy your ski!! (3/16/2026)
- **Swedetown Snow Bike** - Good afternoon sunshine! We were able to get out this morning and pack in all the snow from yesterday. The trails are looking amazing and will be set up in a little bit! Get out and enjoy the sun! (3/14/2026)
- **Chassell Ski Trails** - Trails were rolled and tracked. The actuator froze up so the trail is fully tracked, but fortunately we were able to lift the tracks on the cemetery hill and the hill below the 2k cutoff. Enjoy! (3/14/2026)
- **Chassell Snowshoe Trails** - Should stay off the trails until colder weather with hopefully some snow to mitigate some of the damage caused by a user being on parts of the trails when it was too soft. (3/4/2026)
- **Churning Rapids & Maasto** –Good Afternoon skiers, all the trails have been rolled. They are still on the soft side, but are skiable. We will see how this storm turns out coming tonight (3/14/26) into Monday/Tuesday. Thank you for a great season so far and your appreciation and feedback is greatly appreciated. Enjoy the sunshine (3/14/2026)
- **Churning Rapids Snow Bike** - We made a quick pass on Monday night to bust through the drifts. We'll be hitting it again on Tuesday evening. Trails should be rideable on Wednesday. (3/17/2026)
- **Eagle Harbor Ski Trails** – Not the greatest set of tracks, but all groomed today(3/12). With the clipper system into Friday, hopefully we will be able to get out on Saturday to freshen the trail. Enjoy!! (3/12/2026)
- **Copper Harbor Trails Club "End of the Road Trails"** – Trails are a bit soft on top yet with the new snow from yesterday's storm. Enjoy the day! (3/14/2026)
- **Copper Harbor Trails** - Great conditions Hard pack and corduroy (2/4/2026)
